Whatever the case, we hope you'll take some time to think & pray seriously about who might belong on this "Faith Web". We pray the sample letters can be used/adapted by you as you reach out to others, purposefully inviting them to see themselves as connected in ways they might not have previously.

We also want to help you – if you're struggling to find people willing to commit to the description found in the letter, let us know. We want to help you connect & find relationships that will help you grow in your faith not only today – but for whatever tomorrow might bring. YOU are loved. YOU are valuable. YOU are an important piece of God's Mission to launch His World-Changing Kingdom here & now through lives that shine with His Love. As always, please let us know how we can serve you & your family better.

Praying with you,

Pastor Wick <><
